

Dear Friends,

As we go into a new season I wanted to update you on the happenings of the ministry. We have been working on the new version of the web page so please be patient with us as we make it better for all to use. Please be looking for new pictures and updates at www.flames-of-fire.com to keep up with what is going on new and exciting.

I just got back from a trip to Costa Rica and Honduras. We had the Deborah and Company with Cindy Jacobs conference in Costa Rica and the response was awesome. There were thousands there and the word and ministry time was very special. There was a freedom to release and receive healing, prophetic word, baptism of the Holy Spirit, financial freedom, and the liberty of favor from the Lord. The spirit of comorodority was awesome. It was a real flow within the leaders that was a unity that the Lord desires among HIS people. It was very refreshing to be with this team and minister to the people.

From there we went to Honduras and met with the leadership team of the Community of Pastors. The same newness and freshness was working among us and we are seeing a new level of liberty coming there also. We have acquired a new office/apartment and meeting place there in the city and have already started English classes along with word studies for the pastors and leaders of Honduras. The van that was donated to us for the ministry is there along with another vehicle for the use of transporting people and materials for events, feeding, children etc. So as you can see we may have been a little silent but moving progressively forward.

Our next trip will be May 8-17 with the senior class from CSCL the MorningStar grade school students for their class trip. They will be ministering to the pastors and having a big youth rally in Copan. We are teaming with Enlace Honduras for a youth TV program that they will participate in along with the youth of Honduras. I am excited about the relationships that will come from this and grow for future events in their lives and ours. I know it is going to be a very special time for them.

I will be going back to Costa Rica in June for an anniversary service with a precious couple that the Lord has brought me together with. They have embraced me as a voice with them and their church and it is a great honor for me. That will be June 24-30.

There have been many changes with the orphanage but we are pressing through to the completion and should be having children there by the end of this year hopefully before. There have been some complication with working in another country but we are staying truthful and going through the system of their government. We want to be an example of doing things the right way following their laws and being an example to other ministries.

Keep checking the web site for updates on this project and ways you can be apart of what the Lord is doing there. We have reserved on house with an apartment so if you want to be involved not just with your monies but personally be there and participate you will have access to this apartment to visit. We need participation with monies and many other things. Please pray about becoming a team member with us in

Honduras. You are needed!

I want to thank you for your prayers and support it is a team effort. We need each other now more than ever. So thank you again and we will be updating you again soon. Don't forget to check the web site www.flames-of-fire.com for new words and teachings also.

In HIS love,
Sabrina
